PROFESSIONAL EXPERIENCE

Rochester Institute Of Technology – Residence Life Department
Rochester, NY

Web Programmer

2007 – Present

Responsibilities: Create and support Residence Life's web sites and internal applications employing PHP and MySQL. Direct and manage all IT inquiries and solutions aimed at fulfilling the department's marketing endeavors.

AMOV International Teleservices (former Verizon International Teleservices)
Santo Domingo, DR

Software Engineer

2005 – 2007

Responsibilities: Created and maintained Java-based projects using J2EE's vast array of technologies. Supported production deployments and systems' health checks based on customer's requirements.

- Designed and developed the new web service interface for the Verizon Business' trouble management systems after MCI's acquisition.
- Implemented searching capabilities to retrieve inventory information for telephone numbers and circuits using web services with Weblogic 8.1 as the application container.
- Elected twice as the *Software Development: Employee of the Month* (April/September 2005) due to excellent customer support in times of technical difficulties.
- Designated by upper management as lead to create and sponsor an in-house movement to recruit, train and retain new Java developers from other areas of the company (e.g. QA and performance engineering teams).
- Led a team of 10 developers during the analysis, development and deployment of an in-house vacation management system (200+ users) using Struts (UI), MySQL, openLDAP and RMI as the communication mechanism between layers.

INTEC (Instituto Tecnológico de Santo Domingo)

Santo Domingo, DR

Teaching Assistant

2003 – 2005

Responsibilities: Worked as teaching assistant at INTEC for the following courses: *Numerical Analysis, Programming Languages and Formal Languages.*

EDUCATION

Rochester Institute of Technology, NY, USA

MS Information Technology – In progress

Concentrations: *Project Management, Technology Management and Application Development*

Instituto Tecnológico de Santo Domingo (INTEC), Santo Domingo, DR

B.S. Systems Engineering, Magna Cum Laude
